How to apply

Welcome from our CEO

Dear Applicant,

Thank you for your interest in the posts of **Stroke Family Support Co-ordinator**. Working closely with hospital and community stroke teams, the voluntary sector and NICHS colleagues, you will make a difference to clients and their families by supporting them in achieving outcomes that will enhance their quality of life and independence.

I believe that in order to make the difference that we do, it is essential to recruit a team of high performing, dedicated staff. In this application pack you can find out more about what it takes to become a key part of the NICHS team.

As a voluntary sector organisation, one of the most important investments we make is in our people.

By embracing the world recognised Investors in People Standard, we have made a commitment to strive towards the very best in people management excellence and to make NICHS a great place to work.

We will appoint an individual who possess the skills and qualities that match our values. These values articulate those things that we genuinely believe in, and our Senior Care Services Co-ordinator will be a champion for these, and promote them in every aspect of what they do.

Our values are *Compassionate, Courageous, Considerate and Committed*.

For many, this values-driven culture is a key element of what makes NICHS a *special* place to work. People demonstrate how they experience the values personally and strive to act as role models, applying them on a daily basis in their relationships both with service users and colleagues; treating people with dignity and respect; supporting people to be involved in their communities; taking responsibility for actions; and being honest, open and accountable. In short, achieving our charitable aims to the highest possible standard.

Our collaborative working style has brought together staff from across departments, and built a strong sense of team identity. The successful candidate will be joining the NICHS team at an important time, and will play a key role in providing a needs-based support service to people affected by chronic lung conditions

We are lucky to have attracted and retained a resilient and talented work force, and have many long serving members of staff, some who have been with us for more than 30 years: clear evidence that NICHS is a special place to work, with a climate of positivity, characterised by optimism, mutual supportiveness and good humour.

I would like to thank you for your interest in joining the NICHS team.

Yours faithfully,

Declan Cunnane

Chief Executive

Our Background

The work we do is vital for everyone in Northern Ireland.

Today in Northern Ireland, ten people will suffer a heart attack. Eleven people will have a stroke. And one in every eight deaths will result from respiratory failure. In addition to this, almost 340,000 people are living with long term chest, heart, or stroke conditions.

Northern Ireland Chest Heart & Stroke is a local charity which helps people living with these conditions and their families. Each year we need to raise over £3m to fund our range of programmes, community services and research in the hospitals and universities of Northern Ireland.

Our vision for Northern Ireland is one where everyone can live life to the full, free from chest, heart and stroke illnesses. To achieve this, our work is focused in these areas: Care Services, Prevention, Health Promotion, Research, Lobbying and Policy Work.

All our work is in Northern Ireland. When people donate to NICHHS, they know their entire gift will be used for local benefit. Please visit our website to find out more about what we do and the difference that we make - www.nichs.org.uk.

OUR CULTURE

Our **Values** are the principles that drive us, the things that are most important to us, our motivation. They reinforce the way we interact with each other, our volunteers, service users and everyone else. They describe why NI Chest Heart & Stroke is unique, and they help to drive the culture of our organisation.

We have identified the four values that best identify the principles that are most important to us, **Compassion, Courage, Consideration and Commitment, the 4 C's**.

All our activities are undertaken to the highest possible ethical standards. In addition to meeting our legal and regulatory requirements, we are committed to acting openly and honestly in all our activities and comply with the standards outlined in the Code of Fundraising Practice and the Charity Governance Code.

- o **We will act honestly, truthfully and with integrity in all our actions**
- o **We will report our activities in a transparent and open way**
- o **We will treat everyone with dignity and respect**
- o **We will always act impartially and objectively and avoid conflicts of interest**
