KS1: Incorporate more materials such as different textures to support curriculum or as a brain break.

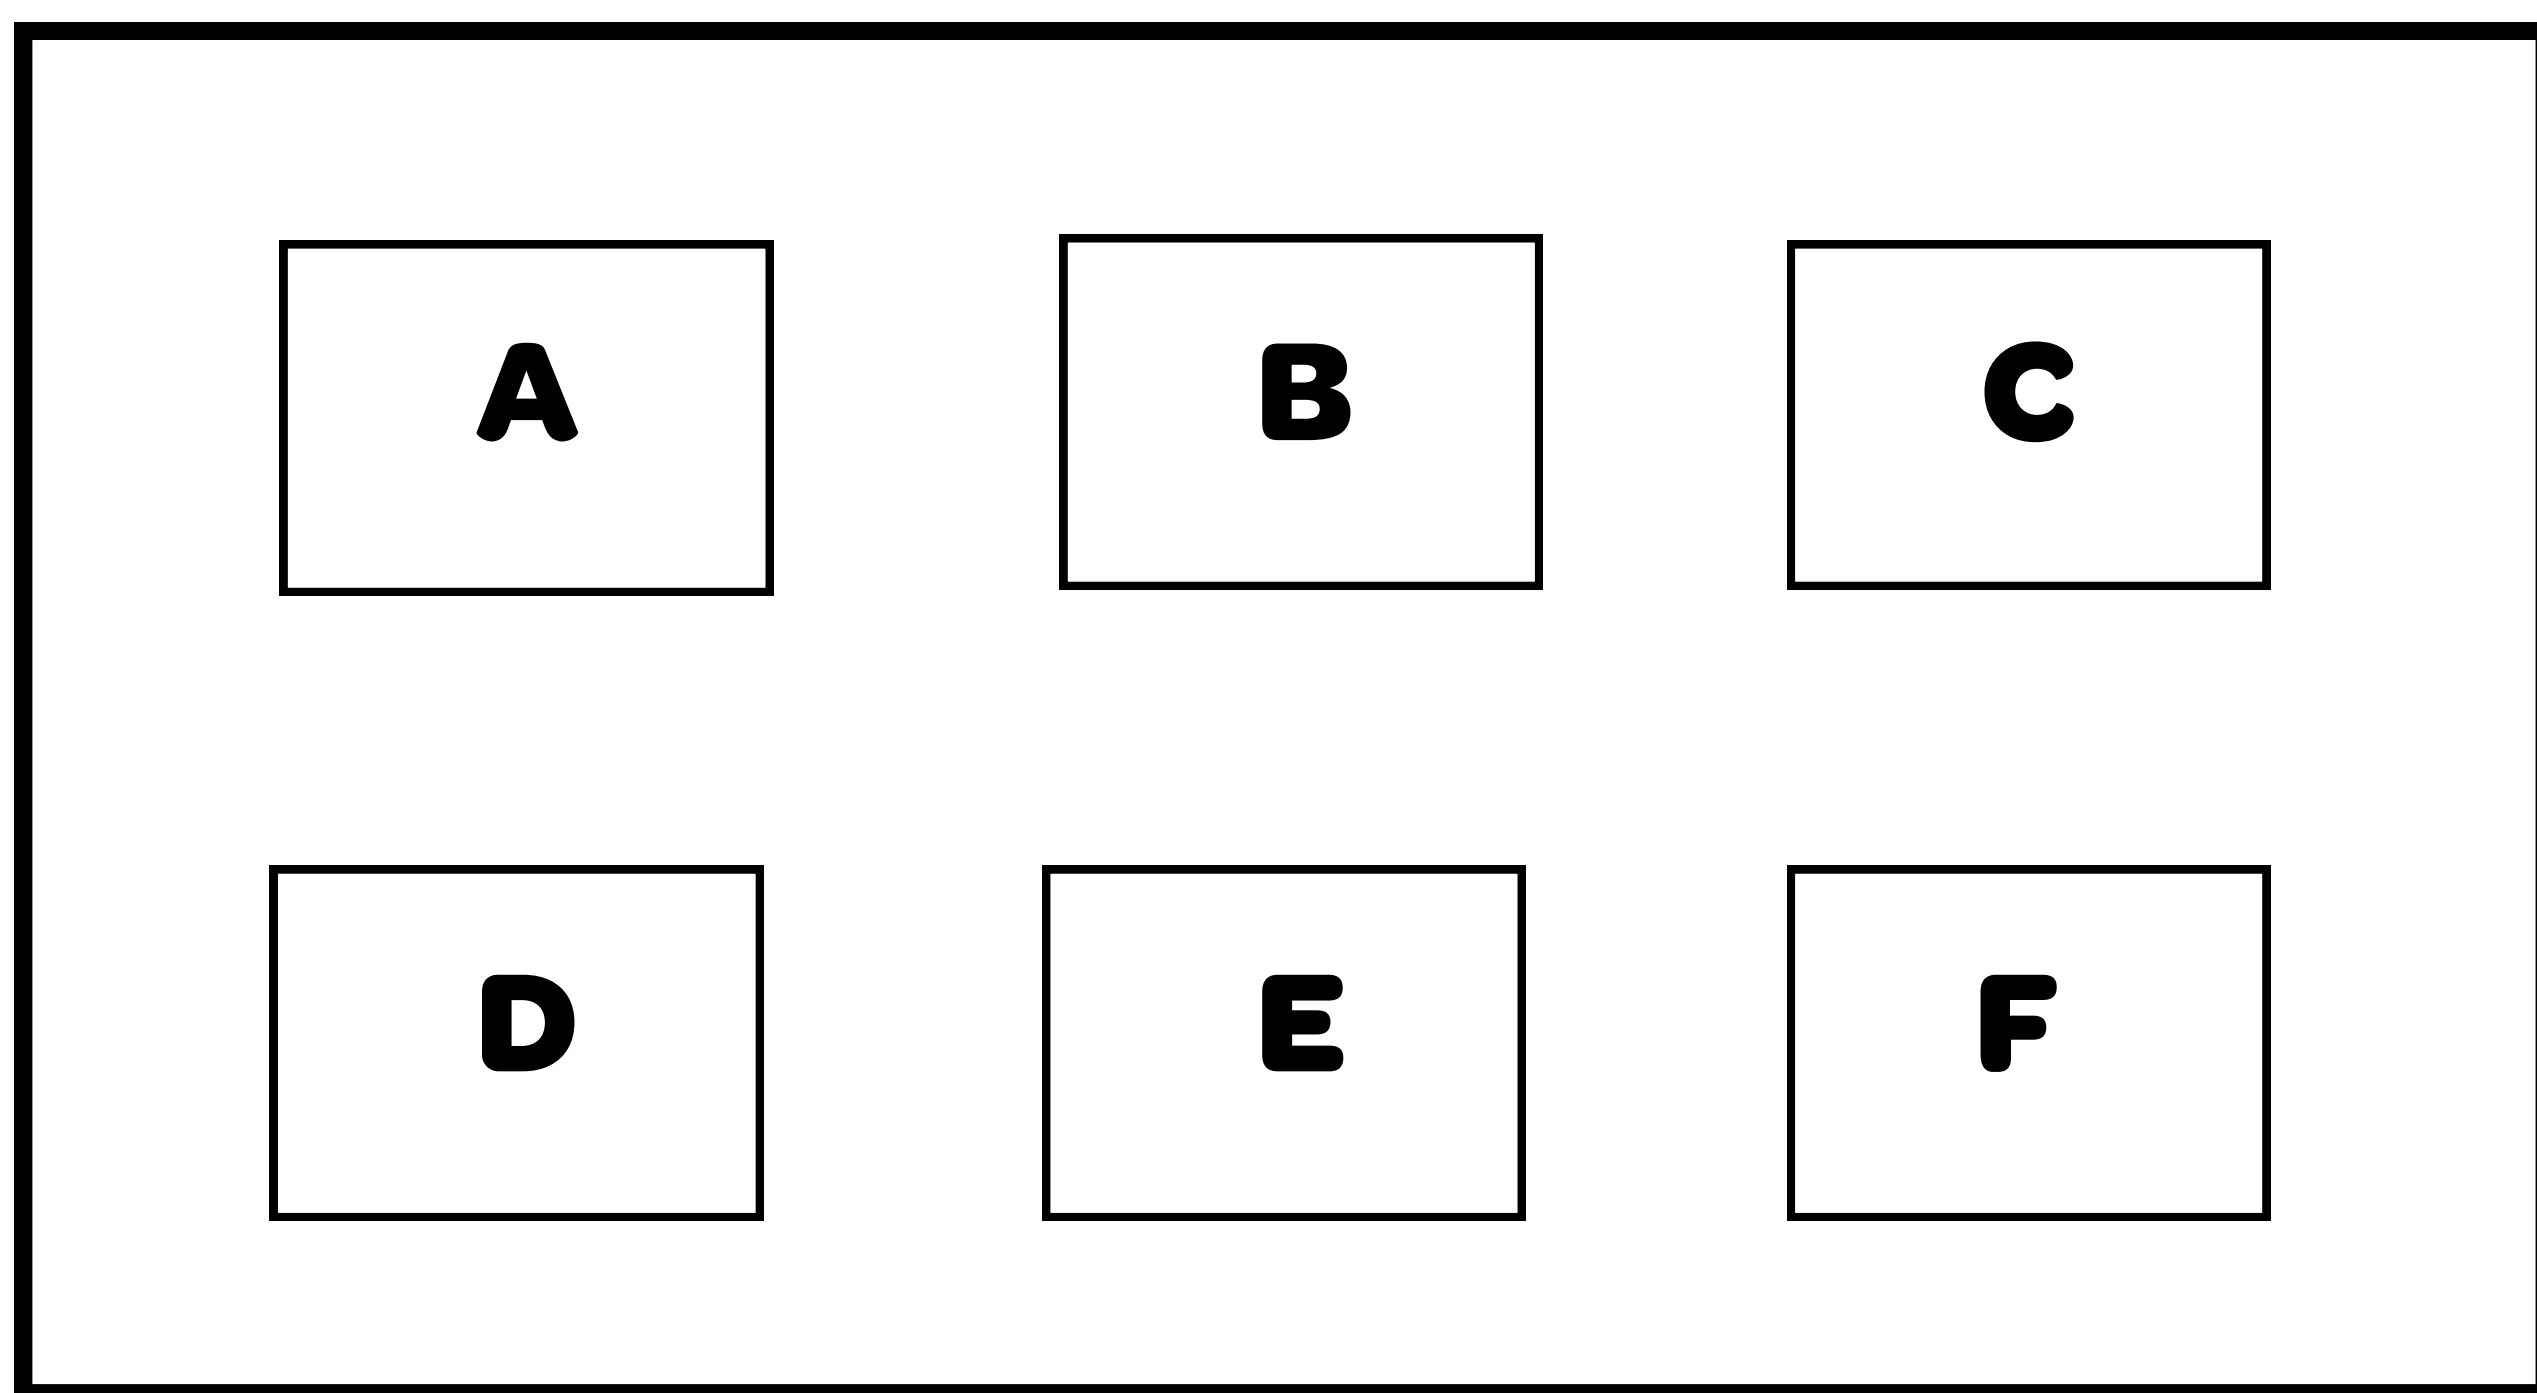

KS2: Glue, coloured paper, scissors and markers can be incorporated into pictures related to curriculum topics i.e. World Around Us, Religious Studies, Geography and Science.

# Art Tables

Place different art materials on each table, and encourage the pupils to move around the room to complete a picture of the teachers choice, which could support curriculum learning. For example, have different colours of pencils, crayons, coloured paper, paint, stamps or stickers spread around the room, to encourage movement while expressing creativity. Encourage the pupils to not move the equipment from the tables.
