

I Spy

Ask the pupils to stand up and take part in their tables. Where one pupils starts and thinks of an object in the room, and says “I spy with my little eye, something beginning with...” where the other pupils continue to look around the room finding objects that begin with that letter. Then, whoever guesses correctly begins the next game

Foundation Example:

The pupils could do this with things they see in the classroom, and can also give clues on what colour it is

- School bag
- Computer
- Posters
- Tables
- Windows

Key Stage 1 Example:

Could also be carried out with things they find in the classroom

- Books
- Rug
- Chairs
- Whiteboard
- Things in a pencil case

I Spy

Ask the pupils to stand up and take part in their tables. Where one pupils starts and thinks of an object in the room, and says “I spy with my little eye, something beginning with...” where the other pupils continue to look around the room finding objects that begin with that letter. Then, whoever guesses correctly begins the next game

Key Stage 2 Example:

To increase the difficulty, the pupils may have to think of items in the classroom that are not on the floor, or the pupils can become creative and think of items they may find in a supermarket or things they find at the zoo

At the zoo:

- Elephants
- Lion
- Fish
- Trees
- Giraffes

In a supermarket:

- Milk
- Bread
- Cashier
- Freezers
- Fruit and vegetables
