Our Background

The work we do is vital for everyone in Northern Ireland.

Today in Northern Ireland, ten people will suffer a heart attack. Eleven people will have a stroke. And one in every eight deaths will result from respiratory failure. In addition to this, almost 340,000 people are living with long term chest, heart, or stroke conditions.

Northern Ireland Chest Heart & Stroke is a local charity which helps people living with these conditions and their families. Each year we need to raise over £3m to fund our range of programmes, community services and research in the hospitals and universities of Northern Ireland.

Our vision for Northern Ireland is one where everyone can live life to the full, free from chest, heart and stroke illnesses. To achieve this, our work is focused in these areas: Care Services, Prevention, Health Promotion, Research, Lobbying and Policy Work.

All our work is in Northern Ireland. When people donate to NICHHS, they know their entire gift will be used for local benefit. Please visit our website to find out more about what we do and the difference that we make - www.nichhs.org.uk.

OUR CULTURE

Our **Values** are the principles that drive us, the things that are most important to us, our motivation. They reinforce the way we interact with each other, our volunteers, service users and everyone else. They describe why NI Chest Heart & Stroke is unique, and they help to drive the culture of our organisation.

We have identified the four values that best identify the principles that are most important to us, **Compassion, Courage, Consideration and Commitment, the 4 C's**.

All our activities are undertaken to the highest possible ethical standards. In addition to meeting our legal and regulatory requirements, we are committed to acting openly and honestly in all our activities and comply with the standards outlined in the Code of Fundraising Practice and the Charity Governance Code.

- o **We will act honestly, truthfully and with integrity in all our actions**
- o **We will report our activities in a transparent and open way**
- o **We will treat everyone with dignity and respect**
- o **We will always act impartially and objectively and avoid conflicts of interest**
